## **DETAILED ACTION**

### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-15 and 22-28 are rejected under 35 U.S.C. 102(b) as being anticipated by Bailey #3,978,345. Bailey discloses an apparatus (see figure 6) for controlling underwater equipment comprising attachment means (35, 47, 45, 46) for attaching underwater equipment (37, 42) to the apparatus; and at least one member (36) for generating positive or negative lift.

### ***Allowable Subject Matter***

4. Claims 16-21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
